

# Flow-Thru™ 10,000 Series

ORDER PICK-UP SOLUTIONS

Two-sided efficiency for delightful experiences all around

## Associates quickly load orders from back to open compartments

- » Streamlined workflow increases productivity and throughput
- » Simple associate interface with QR/barcode reader and touchscreen
- » Color-coded compartment lights show associates where to load orders
- » Easy-clean, removable compartment floor panels
- » API integrations with your existing KDS and POS systems

## Customers pick up at front in seconds

- » Familiar user interface (UI) with QR/barcode reader and touchscreen
- » Interior and exterior indicator lights guide customer to order(s)
- » Door opens automatically when customer scans or enters order code

## Touchscreen user interface

User-friendly touchscreen guides associates and customers through every step

# Faster for them, smarter for you

### Offer fast, self-serve pick-up

Keep customers coming back with skip-the-line convenience and pick-up in seconds.

### Flexible integration option

An array of APIs makes integration with your existing KDS/POS systems fast and easy.

### The right size and configuration for your operation

Modular construction offers dozens of options and lets you easily add additional units.

# CREATE THE IDEAL SYSTEM FOR YOUR ORDER VOLUME AND VELOCITY

1

## CHOOSE MODEL, THEN NUMBER OF UNITS

Select up to 4 units  
per UI. Add additional  
UI as needed.

2

## CHOOSE BASE COLOR\*

3

## CHOOSE DOOR COLORS\*

\*Optional trade dress and custom colors available for additional cost.

### Real-time visibility and control

See real-time order and compartment data,  
and dive into trends like order pick-ups and  
dwell time, compartment availability and more.

# FLOW-THRU 10,000 SPECS
