

Axcess™ 6000 Series Automated Locker Solutions

Quick access to what they need, when they need it,
where they need it

Secure Access

Control access and ensure the right item goes to the right person

Versatile Configurations

Choose from 2 locker heights and compartment sizes to create your ideal solution

Enhanced Product Visibility

Clear doors and bright interior lighting encourage quick, accurate item selection

Accessible Design

Internal controller can be lowered to meet accessibility guidelines and includes a Braille display

Supports a Wide Range of User ID

Choose an internal or stand-alone controller* with options for barcode, magnetic stripe, proximity card or keypad entry

Keep Assets Charged

Compartments include convenient access holes to simplify charging and network connections

- **Get accountability for scanners and mobile devices**

Reduce loss and keep handheld devices charged and ready to work. Your teams get self-serve check-out in seconds, and you're notified if any item isn't returned.

- **Automate alerts for service and loan periods**

Set loan periods for various users and devices, and receive notifications when items are overdue.

- **Streamline ITSM device handoffs with self-serve access**

Provide quick, secure handoffs of laptops, mobile devices, new employee kits and more.

1 Choose from our space-saving internal controller or versatile stand-alone controller.

2 Place lockers within easy reach with a pedestal, sold separately. Shelves are available for extra storage.

Configure the Ideal Solution for Every Need

Apex Trajectory™: Real-Time Visibility and Control

Our Apex Trajectory™ cloud platform makes these smart devices absolutely brilliant. You'll know who used what, when and where, 24/7. And you can set up automated alerts and notifications to reinforce established processes and monitor activity patterns. Plus, the electronic audit trail provides detailed documentation for automated compliance management.

Easy to Use. Easy to Implement. Easy to Afford.

Technology That Counts™
