Axcess™ 6100 Series
Automated Locker Solutions

Shallow-depth lockers ideal for managing reusable assets like handheld scanners, voice-picking equipment and wearables

Secure Access
Control access based on job roles, departments, work orders and more

Versatile Configurations
Choose from 2 locker heights and compartment sizes to create your ideal solution

Compact Footprint
Shallow-depth design provides high-density storage in minimal space

Supports a Wide Range of User ID
Choose an internal or stand-alone controller* with options for barcode, magnetic stripe, proximity card or keypad entry

Keep Assets Charged
Compartments include convenient access holes to simplify charging and network connections.

- **Get accountability for scanners and mobile devices**
  Get 24/7 visibility of who's using devices and tools, and where. You'll have fewer lost devices and reduce loss and damage.

- **Speed shift starts and improve productivity**
  Self-serve access eliminates lines at shift changes so associates get more done, every day.

- **Automate alerts for service and loan periods**
  Set loan periods for various users and devices, and receive notifications when items are overdue.

1 Choose from our space-saving internal controller or versatile stand-alone controller.

2 Place lockers within easy reach with a pedestal, sold separately. Shelves are available for extra storage.

Axcess 6100 Series

Apex Trajectory™: Real-Time Visibility and Control
Our Apex Trajectory™ cloud platform makes these smart devices absolutely brilliant. You'll know who used what, when and where, 24/7. And you can set up automated alerts and notifications to reinforce established processes and monitor activity patterns. Plus, the electronic audit trail provides detailed documentation for automated compliance management.

Easy to Use. Easy to Implement. Easy to Afford.

Technology That Counts™
